## **Loan Programs**

### **Federal Direct Unsubsidized Stafford Loans**

The Federal Direct Stafford Unsubsidized Loan program is the primary source of financial aid for many graduate students and requires a minimum half-time enrollment. Graduate Stafford Unsubsidized Loans have a fixed interest rate of 6.54% for July 1, 2022 through June 30, 2023 (2023-2024 interest rates determined in June) and 1.057% in fees, which are deducted from the loan proceeds. Annual loan limits are tied to the cost of attendance and individual eligibility, with a maximum of \$20,500 for most graduate students. The aggregate loan eligibility for graduate students is \$138,500 (only \$65,500 of this amount may be in Direct Subsidized Loans). The debt limit includes any Stafford Loans received for undergraduate study. Repayment begins six months after students complete a program of study or takes leave of absence for more than six months.

### **Federal Direct Stafford Master Promissory Note and Entrance Counseling**

For new Stafford Loan borrowers, you will be required to complete an electronic Federal Direct Stafford Loan Master Promissory Note (MPN) and Entrance Counseling for Graduate/Professional students before receiving the loan funds. These requirements can be completed prior to receiving the Financial Aid package. Visit [scranton.edu/financialaid](http://scranton.edu/financialaid), select Loans & Financing Options.

### **Deferment of Stafford Loans**

Students qualify for an In-School Deferment which temporarily suspends payments on student loans while a student is attending school. To qualify, a student must be registered for at least half time status. The Registrar's Office reports enrollment for all students at the beginning of each term to the National Clearinghouse. In-school deferments last as long as a student is attending at least half-time. Enrollment will eventually be reported with a May 2026 graduation date. The Direct Stafford Loans certified during this program will have a six-month grace period. Repayment will begin December 2026. Students must work with their loan servicer.

### **Federal Graduate PLUS Loans**

Graduate PLUS Loans may be available to students enrolled for a minimum of half-time enrollment. Students must use the Federal Stafford Loan eligibility (\$20,500) before applying for the Graduate PLUS Loan. Graduate PLUS borrowers may borrow up to the cost of attendance for the period of enrollment, minus other estimated financial assistance received for that period. Graduate PLUS Loans are subject to credit review; however a Graduate PLUS applicant who has an adverse credit history may be able to obtain the loan with an endorser who does not have an adverse credit history. Graduate PLUS Loans have a fixed interest rate of 7.54% beginning July 1, 2022 through June 30, 2023 (2023-2024 interest rates determined in June) and 4.228% in fees are deducted from the loan proceeds. Payments are automatically deferred while a student is in school at least half-time. Interest accumulates and may be paid during these periods or capitalized (added to the principal) at a specified time.

### **Federal Direct Graduate PLUS Application, Master Promissory Note and Entrance Counseling**

Complete the Federal Direct Graduate PLUS Application each year. For new Graduate PLUS Loan borrowers, you will be required to complete the Federal Direct PLUS Loan Master Promissory Note (MPN) and Entrance Counseling for Graduate/Professional students before receiving the loan funds. If approved, the MPN and Entrance Counseling will not have to be completed again. If denied and approved with an endorser, the Department of Education will send information, and you will need to complete the MPN and go through PLUS Counseling. Student Loan Acknowledgement is completed annually. Visit [scranton.edu/financialaid](http://scranton.edu/financialaid), click on Loans & Financing Options.

### **Alternative Loan or Health Professional Programs**

In addition to the Federal Direct Stafford and Direct Graduate PLUS Loans, there are other private loan programs available to students in need of additional funding for educational costs. These programs require a favorable credit rating. Students and credit worthy co-signer may borrow up to the cost of attendance for the period of enrollment, minus other estimated financial assistance received for that period. Visit [scranton.edu/financialaid](http://scranton.edu/financialaid), select Loans & Financing Options.
